PROFESSIONAL SUMMARY

Front-End Developer specializing in React.js and Next.js, experienced in building high-performance, scalable, and SEO-optimized web applications. Strong expertise in state management (Redux), API integration, and performance optimization, with hands-on experience implementing Server-Side Rendering (SSR) and Static Site Generation (SSG). Proven ability to deliver pixel-perfect UI, improve Core Web Vitals, and build reusable component systems. Passionate about clean code, UI/UX excellence, scalability, and continuous learning.

SKILLS

Technical Skills
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Redux
- **Styling & UI:** Tailwind CSS, Material UI, Bootstrap, Sass, Framer Motion
- **Backend:** PHP, Laravel, MySQL (from NTI training)
- **Tools & Version Control:** Git, GitHub, Vite, VS Code
- **Other:** Responsive Web Design, API Integration, SEO Optimization, Server-Side Rendering (SSR), Static Site Generation (SSG), UI/UX Principles, Performance Optimization, Cross-Browser Compatibility

EXPERIENCE

Frontend Developer — Skillup Mena   12/2025 – Present
remote
- Developed scalable and responsive frontend solutions for educational platforms
- Delivered pixel-perfect UI aligned with design systems and UX best practices
- Improved frontend performance and reduced page load time through optimization techniques
- Built reusable component-based architecture to support long-term scalability
- Collaborated with product managers and backend engineers to deliver production-ready features

Freelance Frontend Developer (React & Next.js)   2024 – Present
(Self-Employed)
- Built high-performance web applications using React and Next.js
- Delivered SEO-optimized and server-rendered websites using SSR and SSG
- Designed reusable UI components to improve development speed and maintainability
- Improved Core Web Vitals, enhancing performance and user experience
- Worked directly with clients to translate business requirements into polished digital products

Frontend React Trainee (Team Leader) — EYouth   11/2025 – Present
- Led a frontend team delivering real-world React projects
- Distributed tasks, reviewed code quality, and ensured timely delivery
- Developed reusable React components and interactive UI features
- Applied clean code principles and performance optimization best practices
- Strengthened leadership, communication, and team coordination skills

Frontend React Trainee (Team Leader) - DEPI   12/2025 – Present
Digital Egypt Pioneers Initiative
- Led a React development team to deliver scalable web applications
- Built modular, reusable UI components with a strong focus on UX and performance
- Mentored teammates and enforced production-level coding standards

Full Stack PHP (Laravel) Trainee - NTI   10/2025 – 12/2025
National Telecommunication Institute
- Built full-stack web applications using PHP, Laravel, and MySQL
- Developed backend logic, RESTful APIs, and database structures
- Integrated frontend and backend systems with secure data handling

- Delivered real-world projects simulating production environments

Front-End Intern – Biddigest Co. Ltd
09/2025 – 10/2025
remote
- Built responsive and SEO-friendly web pages using React and Next.js
- Implemented SSR and SSG to improve performance and search visibility
- Collaborated with designers and developers to enhance UI/UX and performance

PROJECTS

E-Commerce Web Application
React, Redux, Tailwind CSS, Framer Motion, API Integration
- Built a full-featured e-commerce platform including authentication, cart, and checkout
- Designed the UI from scratch with a modern, responsive layout
- Optimized performance for large datasets and image-heavy content
- Implemented smooth animations and toast notifications for improved UX

Creatx.media
Next.js, Tailwind CSS, Framer Motion
- Developed a professional business website for a real digital marketing company
- Focused on SEO optimization, performance, and responsive UI/UX
- Delivered a credible, modern online presence aligned with business branding
- Designed the UI from scratch with a modern, responsive layout

Portfolio
React, Framer Motion, CSS
- Created a modern, responsive personal portfolio with smooth animations
- Implemented Dark/Light Mode and interactive UI elements

Weather App
React, Material UI, OpenWeather API
- Built a 5-day global weather forecasting application supporting real-time search for any city worldwide
- Delivered dynamic visual weather representations that reflect real atmospheric conditions for enhanced user engagement
- Optimized API calls and state management to ensure fast data rendering and minimal latency
- Implemented responsive design and modern UI patterns for a polished and intuitive experience
- Focused on performance, usability, and clean component architecture

Image Editor
HTML, CSS, JavaScript
- Developed a lightweight image editing tool with real-time filters
- Implemented image adjustments including brightness, contrast, blur, and grayscale
- Added reset and download functionality

EDUCATION

Bachelor of Commerce
Menoufia University, Faculty of Commerce
(Expected Graduation: 2027)

COURSES

Digital Egypt Pioneers Initiative (DEPI)
Frontend Development & Team Leadership
- HTML, CSS, Bootstrap, JavaScript, React.js
- Team Leadership, Soft Skills, Real-World Projects

National Telecommunication Institute (NTI)
Full Stack Web Development (PHP & Laravel)
- PHP, Laravel, MySQL, RESTful APIs

Elzero Web School — Front-End Development
Front-End Development Fundamentals

Mag Camp — Practical Front-End Training
React.js, Responsive Web Design, UI/UX Best Practices

Self-Learning — YouTube & Official Documentation
YouTube & Official Documentation — Advanced Frontend Practices

LANGUAGES

- **Arabic**: Native
- **English**: Intermediate (Written & Spoken)
